LIBRARY CONFERENCE

27th – 28th November 2019 at MBRU

The Al Maktoum Medical Library, an arm of Mohammed Bin Rashid University of Medicine and Health Sciences is pleased to invite the library and information science community to its inaugural **Library Conference** themed “*Empower, Inform and Connect*”. The inaugural conference aims to discuss, re-examine, re-think and re-interpret the role of libraries as promoters of change. This year the goal of the conference is to promote how libraries can translate ideas into innovative services. Delegates will have the unique opportunity to connect, inform and discuss their ideas for change.
